**WITH THE GOSPEL
THROUGH MEDIA**

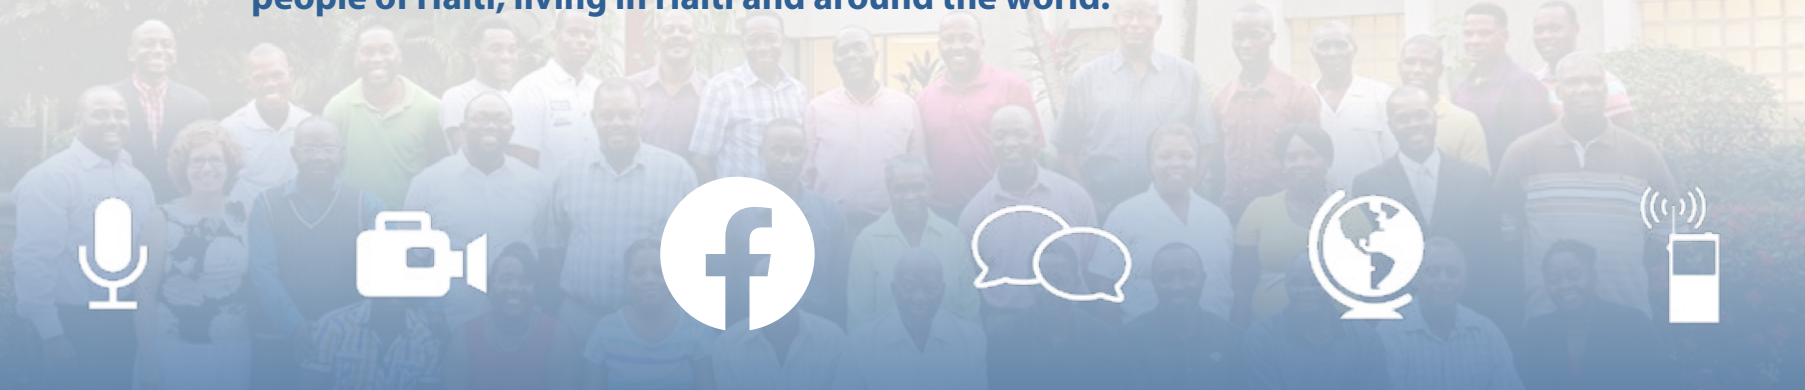

4VEH The Evangelistic Voice of Haiti is a lifeline of daily help and eternal hope for Haiti's people. We reach, teach and serve the people of Haiti every day with the Gospel, through media.

Our Vision:

To see an increasing number of Haitians knowing Christ as Savior and Lord, maturing in their faith, taking active roles in their churches and communities with a missionary vision wherever they are.

Our Mission:

To proclaim the Gospel of Jesus Christ for the salvation and transformation of our audiences and Haitian society-at-large. For this purpose, we produce and distribute compelling, Christ-centered content to reach, teach and serve the people of Haiti, living in Haiti and around the world.

- using radio to reach further
- bringing the Gospel to life through television/ video
- engaging Haitians on social media
- visiting homes to tell people about Jesus
- reaching Haitians around the world online
- blessing families in need with solar radios / audio Bibles

In the "ugliest of years" you sent the Gospel to people's homes and hearts across Haiti and beyond. Mèsi anypil - Thank you!

2021 Verse of the Year:
Do not be anxious about anything but in every situation, by prayer and petition, with thanksgiving, present your requests to God.
Philippians 4:6

Hope in desperate times

Thanks to you,

on New Year's Eve, as listeners and viewers shared stories of God's faithfulness during an incredibly difficult year, Martun sent this message:

"Lord JESUS, I thank you for 2021, for allowing me to see 365 days. I thank 4VEH for all the spiritual and psychological support it has brought me during 2021!"

Thanks to your prayers and generosity, Martun and many others felt God's love and support from fellow believers during a year marked with intensifying gang violence, the shocking assassination of Haiti's President, a devastating earthquake in the south, fuel shortages and a rise in kidnappings that left people terrified to go about their daily lives.

As the darkness of Haiti's complex crisis closed in, our team persevered, encouraged

by your prayers, and sacrificed much so that 4VEH stayed on the air every single day to share the hope of the Gospel with Haiti's people.

As you will see in this report, God is working powerfully in people's lives. Thank you for helping people like Martun find daily help and eternal hope through 4VEH.

Together serving God and the people of Haiti, *Bondye beni ou*, God bless,

Rev. Storly & Kate Michel

Testimonies of transformed lives

Through Bible reading, teaching, prayer, worship, farming, health, sports and counseling programs and more, your generous support sends daily help and eternal hope into homes and hearts every day. In 2021, listeners and viewers inspired us with stories of God's faithfulness, standing firm in prayer during an incredibly difficult year. Here are just a few of the responses we received:

I thank God for 4VEH. It was when the coronavirus began that I started listening. I feel my soul blessed through your meditations and prayers that help us. Do not be discouraged; stay strong in the faith!

-- Mireille

Thank you for the great gift you give us in the *Thru The Bible* study. It's through this program that I've come to know the Lord, I didn't know Jesus before.

-- Blaise

Even when things seem so dark, if we stick to God, we'll be more than conquerors!

-- Carline

In the ugliest of years, we saw God sustain us and we thank Him!

-- Alexandra

Listener Jocelaine wrote this after the shocking assassination of President Jovenel Moïse in July 2021.

Another Haiti is possible with God. Not in fighting nor killing nor burning tires nor vandalism nor magic nor hate, but only in love. God, open our eyes to how we live so that others who have not yet believed in Jesus come to believe.

Exciting sports

Soccer is Haiti's passion! Many people tune in to 4VEH daily to hear the latest results. When a longtime ministry friend remembered 4VEH with a gift in their will, in 2015 God added television to 4VEH ministries. We longed to offer soccer broadcasts to reach people who may not tune in for a Bible study.

In 2020, with no internet at the stadium, our team began recording championship games to broadcast a post-game summary. We invested in internet capability at the stadium and in 2021, viewers were thrilled to see 'their teams' live on TV! We pray these broadcasts will attract people who love soccer but have never heard the Gospel, and as they enjoy broadcasts, they will hear about Jesus.

Reaching, teaching, serving

Inspiring documentaries

4VEH documentaries help people to learn more about their communities' historical and cultural richness, and to be challenged and inspired by other people's trials and triumphs.

After producing a series of one hour documentaries in 2020 to celebrate the city of Cap-Haitien's 350th anniversary, in 2021 our team produced documentaries on a cacao (chocolate) growing co-operative celebrating 20 years (pictured above), on national Agriculture and Labor Day events, and a soccer star's testimony, all to educate and inspire viewers.

- **840 people** shared the live soccer championship final broadcast with their Facebook friends and it reached **53,000 people** on just one channel.

Priye Midi 4VEH

Prayer programs mark the beginning, middle and end of each day. The midday program is now a full hour during the week, and two hours on Saturdays. It is broadcast on all 4VEH networks, AM, FM radio, Channel 11 local television, and live streamed on our website, App, Roku, Amazon TV, Apple TV, YouTube and Facebook. The program includes meditation and encouragement from God's Word,

receiving of praise and prayer requests from people calling in or commenting on social media, and taking these items to the Lord in collective prayer. In 2021, even more people joined together in prayer.

Our invitation at noon: *"Let us then approach God's throne of grace with confidence, so that we may receive mercy and find grace to help us in our time of need."* Heb 4:16

The Bible & the power of prayer

 Cynthia

Yes, Lord, you deserve our praise because you are doing so much in our lives. -- Louko

Please pray for the Fontius family. We tune in every day.

In 2020, we enhanced our daily Bible reading on air (so helpful for people who can't read or don't have a Bible) and launched a Bible-In-One-Year reading plan with a daily program and podcast, which in 2021 helped more people discover the whole Bible.

Digital ministry still growing

Our mission is to reach, teach and serve Haitians with the Gospel, *wherever they are*. Digital ministry connects us with people living outside our terrestrial radio and television broadcast reach to Haitians anywhere in the world with an internet connection!

Reaching Haiti's internet users

Of Haiti's **11.47 million** population in Haiti:

- **57.5%** live in urban centers while **42.5%** live in rural areas
- **7.37 million** mobile connections
- **4.28 million** internet users
- **2.30 million** active social media users

In 2021, you helped 25 artists and groups to record songs in our studios.

Recording *Retire Sandal Ou (Take Off Your Sandals)* in the 1970s, the most popular song played on 4VEH.

Recording studio ministry

As a recording studio and record label, we serve local Christian artists, (both those debuting their music and more accomplished artists) in recording songs of the highest quality to honor God and bless the body of Christ.

The most popular song ever played on 4VEH is *Retire Sandal Ou (Take Off Your Sandals)*, recorded at 4VEH in the 1970s by church choir Les Séraphins de Fort-Liberté. It became so closely identified with 4VEH that people would go to the market to buy a "Retire Sandal radio" meaning a radio that would play 4VEH. *Retire Sandal Ou* captures the scene of taking off your sandals in the

presence of a holy God, for 'you're standing on holy ground'.

To celebrate 4VEH's 70th Anniversary in June 2020, several staff members formed the 4VEH band to perform their own cover version of *Retire Sandal Ou*. Well-known Haitian Christian artists and choirs also contributed songs for the album.

The 70th Anniversary album ***Retire Sandal Ou (Take Off Your Sandals)*** was released in 2021. To purchase your copy on CD or digital download, search for "Retire Sandal Ou" on Amazon, Apple Music, iTunes, Pandora, Spotify or contact us at 4VEH.

RESOUNDING
HOPE

We've missed having visitors on short-term mission teams helping with this outreach (due to travel difficulties to Haiti) but rest assured, your sponsorship of Resounding Hope solar radios/audio Bibles and your prayers continue to reach families living in areas of deep poverty, without reliable electricity, where many people can't read and Vodou keeps them trapped in fear.

Even with limited access to communities in need because of gang violence and fuel shortages in 2021, our local team and church partners visited and shared the Gospel with 1875 people, including 500 earthquake survivors. Praise the Lord, during these conversations, 270 people came to faith in Jesus.

| In 2021 | Since 2012 | |
|--|---|---|
| 1,874 people | 83,000 people | heard the Gospel and connected with a local church. |
| 270 people | 12,500 people | made decisions for Christ on day of outreach (many more come to faith later). |
| 530 people | 22,250 people | said no to salvation. Pray they come to know Jesus as they listen to radios. |
| 889 radios distributed in 2021, reaching 5,300 people | 18,500 radios distributed since 2012, now reaching about 111,000 people daily . | |
| More than 60 churches trained in evangelism. | | |
| 5 new churches nurtured through daily Christian broadcasting and the audio Bible in Haitian Creole on solar radios. | | |

GOAL: 160,000 radios to reach one million people

For such a time as this

New FM station for South Haiti

By God's grace, 4VEH was in the right place at the right time to be a voice of hope to suffering people when on August 14, 2021, a massive earthquake devastated southwestern Haiti.

Just months before, in December 2020, 4VEH launched a new FM station in Les Cayes, in time to bless the people of South Haiti with Christmas broadcasts. With basic equipment and a limited schedule of daily broadcasts, the programs were very well received by new listeners.

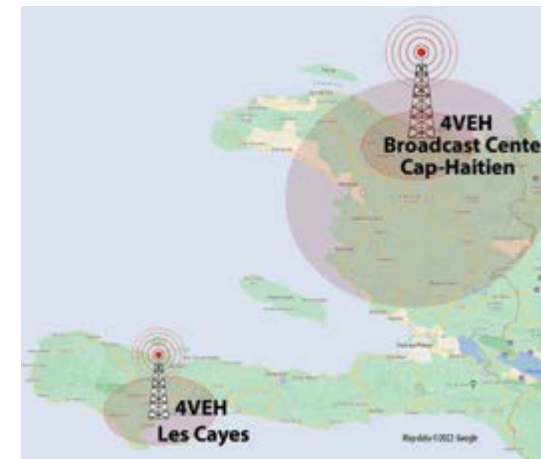

FROM NEW LISTENER ELIDE:

"As soon as 4VEH came to the south, I felt it was in my heart, because 4VEH programs make a difference in my life.

There's one program that really got my attention - Answers to Family Problems with Pastor Codo & Dr. Myrlande, how husbands and wives should behave with each other. This program stayed in my mind because we don't

get programs like this but 4VEH took the time to think about what people need. God bless you, 4VEH."

After sustaining tower damage from Tropical Storm Elsa in July 2021, the repaired station went back on the air just days before the earthquake.

Help and hope for earthquake survivors

Haiti's third largest city, Les Cayes, where new 4VEH Cayes/South FM is located, was the closest city to the epicenter and among the worst-hit areas. 4VEH Cayes was the only radio station still broadcasting in Les Cayes immediately after the quake. Praise God that the Gospel continued to fill the airwaves even as the ground shook.

More than 2,000 people died, 12,000 injured, 135,000 homes damaged or destroyed, and one million people experienced very strong or severe shaking.

Thank you for your urgent prayers and quick generosity to bring help and hope to earthquake survivors.

We knew we could help people straight away with life-saving information and Christian broadcasts, and launched an emergency appeal to help even more. You and so many other friends gave generously to bless earthquake survivors with news & Gospel broadcasts, food & hygiene kits, tarps for shelter, solar radios to connect them to 4VEH programs and audio Bible,

and mobilized local medical staff and supplies.

Through on-air campaigns called *Ansanm ak Gran Sid* (Together with the Greater South region), you helped mobilize Haitians – listeners, viewers and their families, churches, and organizations – to respond in prayer and generosity to help brothers and sisters in southern Haiti. What a blessing to see the body of Christ respond together.

You blessed earthquake survivors with:

DAILY BROADCASTS

- 50 hours of special programs including news, counseling, Gospel
- installation of complete electrical system (generator, inverter, solar panels) to power 4VEH Les Cayes FM

URGENT SUPPLIES

- 457 Food Kits
- 400 Hygiene Kits
- 15 tents & 1569 tarps for shelter
- helping more than 3000 people

SOLAR RADIOS

- 207 people trained in evangelism
- 1400 families blessed with solar radios
- 490 Gospel presentations with 50 decisions for Christ
- 45 Bibles given

MEDICAL HELP

- mobilized local medical staff and supplies to care for 897 patients through 4 mobile clinics

Broadcasting Stories of Hope

"God rescued me from among the dead"

Merline was busy making breakfast when the ground shook violently from a 7.2 magnitude earthquake 20 miles away.

"I was making soup. I asked one of my children to fetch something in another room, then the earthquake happened."

Merline didn't have time to escape. A wall fell on her and cut her head open as she lost consciousness. Rescuers who pulled her from the rubble thought she was dead but one of her children saw she was still alive.

"I didn't know if I would survive because they laid me with the bodies. But I thank God, He rescued me."

"My daughter was in the house," she says of 6-year-old Parola, her leg bandaged. "It seems the pot of soup fell on her."

Merline said of her neighborhood, "Every home was destroyed, everyone is in the streets. There's not one home still standing."

The rescue team took Merline and two children to a local hospital where her head

injury was stitched up, but she needed to go to a bigger hospital for a scan. She just couldn't afford transport there. Suffering dizzy spells and concerned for her children, Merline had no option but to wait for help.

She thanked God for rescuing her from among the dead and thanked 4VEH for the opportunity to share her testimony.

Broadcasts Brought Help

After 4VEH reporter Jimmy's interview with Merline was aired on 4VEH local and national stations and social media platforms, Merline's story gained attention from locals and Haitians further afield, who asked how they could pray and help her.

A few days later, Merline told Jimmy that US troops assisting with relief efforts transported her and her injured children to an emergency field hospital. Praise God!

Merline was just one of thousands of earthquake survivors touched by your prayers and generosity.

Hundreds of thousands of people heard Merline's interview. Specifically on our Facebook page for Haitians (Radio-Télé 4VEH), her story

reached 175,000 people more than 1,600 people liked, commented, or shared this story of God's faithfulness with their own social network.

Daily news & Gospel broadcasts

Every day, broadcasts in quake zone reach a potential 350,000 people, sharing daily help & eternal hope with survivors, those responding and communities across south Haiti. Programs from our main broadcast center in Cap-Haitien connect people worldwide with updates and the Gospel.

On air when the ground shook

When the earthquake hit, sports reporters Jimmy and William were live on air in our Cap-Haitien studios for the Saturday morning sports program. They felt the ground shake 120 miles away from the epicenter. They took shelter and returned on the air minutes later. Our team began adapting programs to include reports from earthquake-hit areas, interviews with survivors and focused prayer for brothers and sisters in southwestern Haiti.

Reporting from quake zone

We sent reporters to many remote locations to highlight people's needs in neglected areas.

By supporting these efforts, you helped grieving, homeless families with urgent needs like food and shelter. You helped people in Les Cayes city and surrounding areas to find hope in Jesus, grow as disciples and live out their faith right where they were, even in the midst of a terrible disaster.

With a small emergency fund already in country, we quickly transferred funds to purchase food and hygiene items as close to the quake zone as possible, avoiding the security risks of transporting goods through gang-controlled areas in Port-au-Prince, and injecting much-needed income back to quake-hit local businesses.

Families received Food & Hygiene Kits

Haiti is one of the hungriest nations on earth. Life was very hard for people in this region hard-hit by hurricanes. With so many homes destroyed and roads blocked in the quake, families desperately needed food.

Five days after the earthquake, we began distributing Food Kits to survivors like Skenlove (in red shirt, above). Hundreds of families received a Food Kit, with rice, spaghetti, beans & other necessities purchased locally, given with a Bible message to encourage people; and/or a Hygiene Kit, with soap and other essentials; and/or a tarp for shelter to provide temporary relief from the sun and rain. Our team discovered that even for people whose homes were still standing, many were terrified to sleep indoors because of so many aftershocks.

and Tarps for Shelter

Thanks to your generosity and local business *Paulos Group*, we ordered tarps delivered directly to our Cayes team who distributed 1,569 tarps to families in need.

You encouraged earthquake survivors like Bonel (pictured above and on front cover) through broadcasts of hope, gifts of food and shelter, and Christian love. Bonel told our news crew:

"Thank you for helping me in the disaster I endured. My house was destroyed and 4VEH helped me. I received a tarp, some food. Thank you. I give thanks to God for protecting my boy, who was at my neighbor's when the house fell. He came out of it safe and sound, not even a piece of concrete fell on him!"

Medical clinics

We focused on supporting local health workers to offer services to people in remote areas who were unable to access care elsewhere. People were treated for minor earthquake injuries and chronic problems like high blood pressure, diabetes.

Local medical teams treated 897 patients, including children.

Evangelism & solar radios

Training believers in evangelism and distributing solar radios/audio Bibles through our Resounding Hope project is a core 4VEH ministry. This training will continue to motivate local churches in their outreach to neighbors. We knew earthquake survivors desperately needed a way to listen to God's Word and Christian broadcasts as well as news and updates.

Ministry partner *Galcom International* immediately donated 1,000 'emergency' solar radios tuned to 4VEH (without audio Bible) which were given to people, with the Gospel message, in Les Cayes. Pastor Hérode Pierre, who leads our evangelism and radio outreach, trained 207 leaders in evangelism and led them door-to-door. Another 400 solar radios/audio Bibles have been given to families since. In total, 1,400 solar radios will continue to minister to people on a daily basis. Each radio serves about six people.

"I commend 4VEH for the great work you're doing. And I want to thank you for the training, especially how to share the Gospel, it was really exciting. No matter how much I knew already, you've given me enough strategies for when there's someone I'd like to share with, or someone that God sends to me."

Haiti, Transformed

Billions of dollars have been spent over decades to try and pull Haiti out of extreme poverty, corruption, injustice, political turmoil, yet it remains a country, a people, in great need. We believe the only way to see lasting change in Haiti is through the transforming work of the Gospel of Jesus in the hearts and lives of Haiti's people. This is why 4VEH exists and today, this voice of Gospel hope is needed more than ever.

While many people live in spiritual bondage, without ever hearing the Gospel or having an opportunity to know the hope of Christ themselves, we press on together, counting on your partnership in this sacred responsibility of serving God and the Haitian people through media.

Transform lives in Haiti through your giving this year!

DAILY BROADCASTING

Each broadcast that you make possible will bless people with Bible studies, prayer, worship, news, farming and health advice, with hope in the midst of chaos.

It costs \$60—just a dollar a minute—for every hour of helpful programs to reach more than one million people across Haiti and beyond.

Sponsor one hour = \$60
Sponsor one day of broadcasts = \$1,440

REPLACE TOWER

We urgently need to replace the Studio to Transmission Link (STL) tower that receives programs to broadcast on AM, FM radio and television. The existing tower has rusted and is a safety hazard. With huge price increases for cement, steel and shipping, it's costing more than budgeted, but without the tower, hundreds of thousands of people would have no daily lifeline of Gospel hope.

Funds needed = \$100,000

PREPARING FOR DISASTERS

Haiti is vulnerable to natural disasters including devastating earthquakes and flooding. The city of Cap-Haïtien where 4VEH is located lies near an earthquake fault line. With your gift, help reinforce our broadcast infrastructure so 4VEH is better able to withstand disasters and keep ministering to Haiti's people.

Together, serving God & the people of Haiti

4VEH transmitted its first broadcast on shortwave on 2 June 1950, after American missionary G. T. Bustin was obedient to God's call to begin a radio station in Cap-Haitien, Haiti and call it 'La Voix Evangélique d'Haïti' (The Evangelistic Voice of Haiti).

In 2019, 4VEH became an independent 501(c)(3) nonprofit organization, separating from One Mission Society by mutual agreement to allow both ministries to more fully pursue God's calling while continuing to partner together.

4VEH also partners with global media ministry TWR and others to advance God's kingdom together. We thank you for your commitment to serving God and the people of Haiti through media as you partner with 4VEH.
